

WAGONER/CHEROKEE COUNTY DRUG COURT
STATE OF OKLAHOMA

Consent For Drug Screening/Urinalysis

I, _____, fully understand that the Wagoner/Cherokee County Drug Court has a program policy of performing routine and random urinalysis and/or breathalyzer tests of clients during the course of their treatment services.

I fully and freely give the Wagoner/Cherokee County Drug Court my permission to perform the necessary screenings while I am a client/drug court participant. My intake counselor has explained in detail the procedure and has told me that the results will be used by the drug court treatment team during my treatment process to determine appropriate treatment interventions. I further understand that I have signed a Release of Confidential Information in Criminal Proceedings authorizing that the results be reported to the court and that the court may possibly suggest treatment interventions or issue sanctions based upon the results of urinalysis or breathalyzer.

I also understand that the results of the urinalysis screenings will become part of my permanent treatment/service record, and that the results will be supplied to the Judge of the Wagoner/Cherokee County Drug Court, for which I have granted my permission on a Consent for Release of Confidential Information in Criminal Proceedings. Both Federal and State laws regarding the confidentiality of alcohol and drug abuse patient records protect against the further disclosure of information from my records without my written permission.
